In May 2013, Art with a Heart moved its activities into a spacious new exhibition space with free entry on Norman's Place in Altrincham, owned by Neil Myerson. The 'Heritage of the Altrincham Area' section had a wall area, display cabinets and a large table for visitors to peruse local history books and the maps and plans. Slide shows and historic artefacts complemented each art exhibition, for example 'Working with Wood' had a display about the cabinet makers of Altrincham and 'Celebrating Textiles' had a slide show of photographs showing fashions over the decades.

(May 2013 to March 2014)
